

BABYLONSTOREN

Babylonstoren Fam Trip

With a glorious historical heritage dating back to 1692, no-one could have predicted Babylonstoren's exuberant rebirth after its restoration or the fact that the experiential traveller would respond so emotively to its holistic ethos, which has very little to do with wine tasting, and more to do with feeding the senses.

Guests exploring the estate's many delights, whether it's a meal in the old cow shed – now the award-winning Babel restaurant with its farm-to-fork menu, or a taste of charcuterie, cheese, and wine in the gabled farm shop. Here, tea is as much a ritual as the ancient cleansing treatment in the marble hammam or a refreshing swim in the reservoir-style pool.
