

RHINO RIVER CAMP

EXPLORE KENYA'S COMPLETE WILDERNESS, MERU NATIONAL PARK

Rhino River Camp is an unusual, exclusive and up-market camp situated in 60 acres of privately owned wilderness adjacent to the extraordinary Meru National Park, Kenya, where the legend of Elsa the lioness began. The Camp offers the chance to connect with nature and to delight the senses in unspoilt bush and forest.

Whether it's watching the classic African wildlife, going on a bush hike or simply soaking up the savannah sun with a drink in the evening, Rhino River Camp offers endless opportunities for adventure and the perfect space for relaxation. The Rhino Sanctuary section of Meru Park is just on our doorstep, so, whenever you feel like leaving the comfort of the Camp to see the Big Five (and more), you are able to do that within a few minutes.
