

## Kweene Trails, Okavango Delta

Botswana's most exclusive safari experience, the Kweene Trails explores a wild and spectacular corner of the Okavango Delta! Our totally exclusive area lies in the Southern sector of the Abu Private Reserve, on a stretch of the Kweene River system. What makes it most special for us is its remoteness, accessible only to our guest and only by helicopter.

The fundamental concept of each expedition is experience: from sleeping on the ground in grand comfort and watching Africa pass by while you attend to your ablutions, to pausing to celebrate each sunrise and sunset with a suitable drink in hand, to a complete immersion into one of Africa's last fully functional ecosystems on foot, on mokoro, in a helicopter and in our custom built game drive vehicles.
