

LEPOGO LODGES NOKA CAMP

Sustainable Safari Luxury at Noka Camp

Only 3 hours drive from Johannesburg, you will find Lepogo Lodges' beautiful Noka Camp in the malaria-free Lapalala Wilderness, home to the Magnificent 7 and 50,000 hectares of pristine African wilderness.

Your time at Noka is your own, whether you choose to join the twice daily game drives exploring nature at its finest and the fabulous sightings or perhaps you might enjoy a boat safari and fishing and a visit to the original Bushman paintings we are lucky to find on Lapalala. Bush walks, tracking cheetah on foot accompanied by your experienced guide are also just some of the activities available. Back at the lodge, you might choose to work off some of our chefs' fabulous creations in our tree top gym and yoga deck, unwind with a spa treatment or simply relax in your sumptuous villa and heated pool.

Noka Camp is also off the grid, with it's own solar walkway.
