

# O! Lentille

## Villas in Laikipia with O! Lentille

All about community and conservation , O! Lentille is so much more than just game drives. Our four villas in our private conservation area (that is three times the size of Manhattan) offer guests a holiday with no fixed schedules and formats. We are a property where you relax, recharge and enjoy private activities like walks, game drives, camel safaris, authentic community experiences, cycling, quad bikes, yoga, horse riding, unlimited spa treatments and where you take in our sensational views. You also learn first hand how private partnerships with the community can successfully work in Kenya and might go and see schools, hospitals and water sanitation projects that guest donations have funded. We offer something totally different to anything else in Kenya and would like to welcome WAA 2022 participants to come and experience first hand what we offer. Northern Kenya and our private area will guarantee to take your breath away.
