### VILANCULOS:

Santorini is located a few kilometers north of Vilanculos on its own stretch of beach overlooking the Bazaruto archipelago. The villa rests on an elevated point surrounded by dense coastal vegetation, owning unparalleled views and privacy.

Vilanculos is well known as the gateway to the Bazaruto Archipelago and was one of Mozambique's first well known tourist destinations. With daily flights from South Africa and now improved road access, Vilanculos is fast becoming a popular destination with tourists and travelers alike.

The town itself is only about 5km long filled with all the amenities needed to make your visit comfortable yet local. The airport is based on the outside of the town with flights arriving and departing on a daily basis. The Bazaruto Archipelago, a chain of islands strung out like a pearl necklace, is a protected National Marine Reserve (declared so in 1971) that lies parallel to the historical Mozambican channel. The archipelago consists of five islands;

Bazaruto, Benguerra, Magaruque, Banque and Santa Carolina also known as Paradise Island.

### EXPLORE:

Island hop, snorkel, laze in the warm Indian Ocean or around the courtyard pool dreaming of dinner, prepared by your personal chef. Listen to the tinkle of ice, perched on the lip of the martini pool or to the slap of waves against fishing dhows while being massaged on the viewing patio. The diverse activities operated at Santorini as well as by local operators are endless.

We will be adding a 38 ft Supercat Catamaran boat to the portfolio in July 2016 .

It can comfortably accommodate twelve guests and is fully equipped for deep sea fishing and scuba diving or Snorkelling trips within the Bazaruto Archipelago .The catamaran will feature full catering on board with two crew cabins and shower and toilet facilities.

We are very excited about this wonderful addition which will be perfect for sundowner cruises and island hopping trips for our guests.
