Welcome to the Morukuru Family
Morukuru is a family of very special places, offering you a selection of the most exclusive experiences on the African continent. The siblings comprise Owner's House, River House, Farm House, Ocean House, AtholPlace Hotel & Villa - luxurious yet unpretentious homes that encourage barefoot relaxation, and are designed to help you rediscover who you are and the people you love, in pristine areas of natural beauty. No guests, other than those handpicked by you. No rules. No prearranged schedules or menus (the hotel comes with different standards but with the same fantastic feeling) - simply an adequate quotient of well-trained staff, delicious ingredients and superlative wines. Whether you are tracking predators and facing off pachyderms in the vast 75000-ha Madikwe Game Reserve, or watching Southern Right whales nurse in the 36 000-ha De Hoop Nature Reserve, or enjoy a nice City Break in Johannesburg, the principle is the same: immerse yourself in primal nature, in the pampering embrace of the Morukuru family, and you feel yourself reconnect to the things that really matter. Family. Friends. Nature. And yes, you.

Owners House
Decadent. Elegant. Peaceful. A perfect place to nest.

Your stay at the Owners House

Tucked under the leafy canopy of an ancient Morukuru tree (Tamboti Tree), on the banks of the Marico River, lies this perfectly decadent, ultra luxurious home away from home. Ideal for honeymooners, couples or a small family, the Owner's House was built by the Owners as their own private retreat, with two huge en-suite bedrooms and a choice of shared spaces. Nestled in the Morukuru Trees, surrounded by decks and balconies, Owner's House offers plenty of peaceful nooks to hide off alone, or to gather for wonderful al fresco meals. Whether reclining together by your infinity pool, or alone in your private elevated sala, or just lying in bed with the doors wide open, the combination of dappled shade, and the sound of nature is deeply restorative. The Owner's House also combines contemporary

European styling with handpicked African pieces, and every luxury – including a team of 8 staff at your service, home office facilities, a superb wine cellar for your perusal, wifi connection, stereo system, dvds, cds, a small library stocked with topical books and the opportunity to bathe outside under the stars. Wood, stone and glass provide seamless design flow between in- and outdoors.

Note: While the location is completely private, the Owner's House is within strolling distance via a river walkway from River House – ideal should you wish to book both houses for a larger party that requires a combination of shared gatherings with maximum privacy.

River House
Pure, unadulterated pleasure. That's what runs through River House.

Your stay at the River House

A multi-level luxury house perched on the banks of the Marico River, where the background track of cascading waters will coax you into a permanent state of restful bliss. River House comprises of three double en-suite bedrooms, each featuring every comfort, including super-king size beds, crackling log fires (Gas fires), cooling and heating A/C, and large tree-shaded private decks. The spacious bathrooms have tubs with bush views and indoor as well as outdoor private showers. Four children can be comfortably accommodated in the separate family room/study with bunk beds, where they have access to recreational facilities such as satellite TV, Playstation, computer with internet and DVDs. Like the Owner's House, River House combines European styling with handpicked African pieces, wonderful indoor and

outdoor flow, plenty of al fresco dining and unwinding opportunities, and the ultimate of holiday luxuries: a staff of seven to eight at your beck and call – including your own chef, butler, hostess, nanny (if needed), housekeeper and a private safari guide and tracker for you to personalize your itinerary completely.

Note: *River House enjoys a completely private location, yet surprisingly enough is within strolling distance of Owner's House – an ideal combination should you wish to book both for a larger party that requires shared gatherings along with maximum privacy.*

Farm House
Unpretentious, welcoming, authentic. This is your Farm House.

Your stay at the Farm House

👤👤 10

A safari-chic take on the traditional African farm homestead, offering the perfect private setting for families and larger groups.

Located on the other side of the mountain within the Morukuru property, the five-suite Farm House is an oasis, surrounded by luscious green lawns, and set within a 100-hectare fenced-in safe area which is home to general game, so kids can play and roam at will, and guests may have the freedom to walk and explore.

Furnished by well-known South African interior designer, Sumari Krige, the Farm House is unpretentious yet stylish, with bespoke items produced by local artists and craftsmen in a neutral

palette. Following the owners' brief to create spaces where families with children of all ages can completely relax, the overall sense is kick-off-shoes and curl-up-on-the-couch comfort. The five huge en-suite bedrooms – linked to the main area by a covered walkway – are all equally luxurious, because Morukuru believes that a family holiday should be special for every family member.

Farmhouse is also the perfect home for celebrations with large groups of friends getting together with the featured bar area.

Your stay at the Ocean House

Cocooned in luxury, adrift in your own 4-bedroom oceanfront home within one of Africa's most beautiful coastal reserves: the 36 000-ha De Hoop Nature Reserve. Often cited as one of the most beautiful coastal reserves in South Africa, De Hoop offers 51km of pristine white beaches and dunes lapped by a warm Indian ocean, as well as limestone cliffs, rock pools, wetlands, coastal fynbos and home to more than 260 species of birds. Ocean House also offers a bird's eye view of the continent's

greatest whale nursery, as Southern Right whales migrate to the shallow coastal basins off the Overberg Coast for the calving and nursing season from mid-July to November. In short, Morukuru offers access to some of the continent's most undiscovered gems, able to satisfy visitors' craving exclusivity, yet providing some of the most productive wildlife interactions in Southern Africa.
