

# ANGAMA AMBOSELI

## IN THE LAND OF GIANTS

Swahili for 'suspended in mid-air', Angama offers high-touch safari experiences in one-of-a-kind locations across. Innkeepers at heart, its team finds joy in looking after guests and reconnecting them with the natural world. To create opportunities and make a tangible difference to the communities and ecosystems it operates in, Angama leases from landowners, hires locally and supports education, healthcare & conservation projects through its Foundation.

Introducing Angama Amboseli: Opened in November 2023, this is an intimate lodge in the heart of Kimana Sanctuary, Kenya's first community-owned conservancy, renowned for its lush landscape and remarkable density of wildlife — along with its famed backdrop, Mount Kilimanjaro, the highest peak in Africa. Set within a fever tree forest where some of Africa's last Super Tuskers roam — elephants with tusks so large they drag along the ground as they walk — Angama Amboseli is a gentle start or finish to any East African safari.
