

# NATURAL SELECTION SAFARIS

## Tawana and Mokolwane

### Tawana

Immerse yourself in one of Africa's last true wilderness areas. Set amid the pristine landscapes of Botswana's iconic Moremi Game Reserve, our new-build camp – Tawana – will offer an unrivalled discovery of the Okavango Delta and the wider wilderness ecosystem of northern Botswana.

### Mokolwane

Mokolwane is a special little camp that is big on adventure. And being the only camp for miles around, it is a great place to breath in the stillness and solitude. Mokolwane is leopard country. These territorial cats love it here so much, that the area boasts the third highest density recorded anywhere in Africa.
