

SANDFONTEIN LODGE & NATURE RESERVE

Find yourself. In the middle of nowhere.

Situated in southern Namibia, Sandfontein Lodge & Nature Reserve is an eco-conscious retreat with only five bungalows, providing accommodation for a maximum of ten guests. Spanning an expansive 97,000 hectares, Sandfontein surpasses the size of Singapore. With over 25km of Orange River frontage and dramatic rocky landscapes, our guests can partake in various activities such as scenic drives, wildlife tracking, fishing, and kayaking.

Whether you are enjoying the sunrise from the comfort of your bungalow, or gazing in renewed wonder at the immense starry night sky, you will naturally slow down and unwind. With no more than ten guests at any one time, you will experience the rare luxury of silence.
