

THE HIGHLANDS, NGORONGORO CONSERVATION AREA, TANZANIA

STYLISH AWARD-WINNING CAMP WITH SPA

The Highlands has redefined the Ngorongoro Crater experience.

This warm and stylish high-altitude camp is positioned with ultimate exclusivity in mind, while still offering a rich adventure and array of activities not possible elsewhere in Ngorongoro.

The award-winning camp with its eight domed suites is situated on the edge of a forest that skirts Olmoti volcano. The surrounding Ngorongoro Conservation Area (NCA) is a UNESCO World Heritage Site.

The camp has a secluded feel but is within easy reach of Ngorongoro, where guests can go on day-long game drives. Each drive is filled with incredible wildlife encounters paired with a midday picnic lunch under a shady tree. From camp, hike up to the top of Olmoti for breathtaking views, or take a half-day trip to the soda lake in Empakaai Crater, where thousands of pink flamingos congregate. Guests can also visit the local community, learn about Maasai culture and walk the cattle back to the boma at the end of the day.

The eight canvas domed suites are surrounded by lush vegetation with views across the surrounding hills. Each suite has a king-sized bed that faces floor-to-ceiling windows and a deck that curves around the exterior. At night, all rooms are lit with in-room wood-burning stoves to keep guests cosy and warm. This makes The Highlands to perfect camp for any occasion.
