

## Leonotis Adventures Ltd

*"The Great Rift Valley Trek"*

*An off the beaten track  
adventure!*

**The Great Rift Valley trek is one of the most dramatic hikes in East Africa!**

This unique, off the beaten track adventure is a 2 night trek, with 2 nights at Lake Natron.

Starting on the rim of Empakai crater in the Ngorongoro Highlands, with stunning views inside the crater, you spend a cosy night at Empakai Camp. You then trek to Leonotis Camp, a remote camp just on the edge of the Gregorian Rift. After a magical night at Leonotis Camp, you trek down the Rift Valley, with breathtaking views throughout. You get collected at the base of the rift, by car, and transferred to Lake Natron Camp, where you can relax by the natural pool, have a massage and take part in activities such as waterfall gorge hikes, flamingo walks and seeing hominid footprints...and not to forget well deserved sundowners!
