

WOLWEDANS COLLECTION

Windhoek / NamibRand / **Sossusvlei** / Boulders Safari Camp

The Wolwedans Collection, located in the 220 000-hectare NamibRand Nature Reserve is a unique desert safari experience, with four (4) distinctive properties across the expanse of the Reserve. Consisting of the Dunes Lodge (10 luxury tents) (including Mountain View Suite), Dune Camp (eight luxury tents), the Private Camp (three roomed villa) and the Boulders Safari Camp (five luxury tents).

Located 45km south of Wolwedans, Boulders Safari Camp is the most remote and 'classic' camp of the Wolwedans Collection and the accommodation selection for this tour. This tiny camp is as far off the beaten track, as it can get!

The Camp operates on a unique 3-night schedule that is designed to showcase our quintessential desert hospitality. The full desert safari experience is woven into this itinerary to allow us to reveal our Boulders magic. The 3-night itinerary is a balance of activity and relaxation with a touch of memorable outdoor dining and nature induced wellness. Part of being in the desert, is also receiving the opportunity to really indulge in the offerings of the camp. Our scheduled arrival and departure dates mean, no interruptions, guaranteed soul-rejuvenation and the perfectly choreographed Boulders experience. **For this tour, accommodation at Boulders is based on a 90% discount. Levies and Park Fees contribute directly to the Wolwedans Foundation.**

Given our proximity to the world famous Sossusvlei / Deadvlei – this itinerary includes an overnight at the sought-after destination before heading onwards to Boulders. 'The journey is the destination' and your transport for this tour is a self-drive down and private air charter flight back to Windhoek's Hosea Kutako International Airport.
