

## NATURAL SELECTION – Namibia by Road

Experience the best of the desert & coast!

Shipwreck Lodge – Cabin exterior

**Natural Selection**, along with Namibia Tracks & Trails invite you to join them on a Namibian safari adventure by road!

Arrive in Windhoek and be met by your Natural Selection host, Olivia Partridge. After a night in Windhoek, you'll be refreshed and ready to hit the road, destination [Malansrus Tented Camp](#) near Twyfelfontein. The second night of the journey belongs to [Safarihoek](#) in the game-rich Etosha Heights Private Reserve, after which you'll make your way to the peace and serenity of the Hoanib Valley and [Hoanib Valley Camp](#). You'll spend two nights here and track the rare desert-adapted elephants and the wildlife of the region. After an epic road transfer through the ever-changing landscapes of Namibia, you'll arrive at the desolate Skeleton Coast National Park and [Shipwreck Lodge](#), home for the next two nights. A fabulous coastal drive will take you back to Swakopmund and to [Pelican Point](#) in Walvis bay, where you'll rest your head for a final night. The safari ends off with fabulous time kayaking with seals from Pelican Point before boating back to Walvis Bay.

Highlights of this adventure include game drives within the Etosha Heights Private Reserve, tracking desert-adapted wildlife in the Hoanib, and learning about the ecosystems that live beneath the towering dunes (and the history) of the Skeleton Coast- with some added sand boarding thrown in just for fun! And your last night at the fun, quirky Pelican Point.
