

GROOTBOS PRIVATE NATURE RESERVE

BE IMMERSED IN NATURE

Grootbos invites you to a journey of the highlights of the floral and marine life in the Overberg region.

Arrive at Grootbos for a delightful lunch after which you will visit ancient caves and have sundowners on the beach with incredible views over Walker Bay. End your first day at Grootbos with a delicious dinner at the Lodge.

The next morning you will either participate in a shark cage diving or eco-marine boat trip before having lunch on the Lodge's outside deck. The afternoon is all about our unique fynbos vegetation while enjoying a 4x4 Flower Safari on the reserve. Enjoy a 7-course food and wine pairing dinner in the evening.

Before checking out the next morning you will visit our Social Responsibility Projects that are run by our Grootbos Foundation.
