

Ethiopian Adventures

Five days in the Highlands

Ethiopian
Adventures

Ethiopia appeared to be on everybody's radar at **We are Africa** in 2018. Regrettably so few people know of this incredible destination and without ever set foot in the country, how can you effectively sell it?

So we are going to offer a four day insight into this unique country by offering delegates a five day insight into a few of the highlights both before and after WAA 2019.

You need to block five days. Time to breath in your busy schedule because We are Africa will keep your pulse racing. Fortunately Ethiopia is on the way to South Africa for those arriving from Europe and the USA. It make a perfect stop off.

So let us transform you back to a bygone age. A country where time has stood still and where the calendar still reads 2011.

Let us invite you to the majestic Simien Mountains, the monasteries of Lake Tana, where the Ark of the Covenant was kept for thousands of years, and the 700 year old carved churches of Lalibela.

Let's not overlook the fantastic wildlife parks either.

In just five days to be seven years younger. Ready to party in the Cape or return home zen.

When

Before WAA: 5th to 9th May. After WAA: 21st 25th May
