EXPLORE SIDEWAYS

Cape Style Lunch in the Vineyards & Wine Tasting with the Winemaker

- Let us whisk you out to the winelands for a fully immersive, private winelands experience!
- We'll take you to one of our favourite wine estates where you'll meet the passionate people that make the Cape winelands such an amazing destination
- We'll start our experience with a private, tutored wine tasting in the cellar with Jos, our dedicated winemaker
- After our tasting, we'll step outside to tour the vineyards. With glass in hand, we'll explore the gardens and vineyards that inspired the menu for our lunch that day
- Next we'll sit down to a private, harvest style lunch prepared by the chef of the estate restaurant.
- A special menu will be arranged based on our preferences and the produce available in the garden. The produce is grown and gathered from the farm and locally sourced ingredients
- This experience will run from 10.30am (collection) to approximately 3pm (drop off)

When

Saturday 18th November

How much?

(please include currency and indicate whether it is price per stay or per night)
